

30391. West York Website

I gotta say....West York Wrestling's website is fabulous! Every time I go there, I end up spending a huge chunk of unplanned time just checking everything out.

Back in the late 90s to 2004, I created and ran a statewide wrestling website, and I can say with confidence...few, if any, have found, and closely browsed, more statewide team sites than I have. Believe me...if you knew how many hours I have in doing so, you'd think I need institutionalized...which might, by the way, not be such a bad idea....but anyway... Although I can't say this about too many areas, I am an expert when it comes to knowing Pa. team wrestling websites. I definitely think this is one of the best in the state! There are some incredible sites out there, but none that grabs me (every time I visit) as much as this one.

I'll even go as far as saying this...I developed and ran my own team site in the early 2000s. The site had member pictures, records, & stats of every team in the schools history – along with many collages, music videos, & other tidbits (tons of details...tons of effort). I shot for making it the best site in the state and I can still say I liked this site better.

Take the time to check it out when you get a chance.

My congrats to the talented webmaster! The many, many hours (I know it had to be a ton, even IF you use a time saving FTP program) you put in making and maintaining (which by the way, always seems to be right up to date) the site haven't gone un-enjoyed by (I'm sure) many! Remind the wrestlers on that team how fortunate they are to have such an awesome site...and awesome team member in yourself. (the hidden gem in all of this is... the webmaster's sons – which were among the school's greatest wrestlers - both graduated years ago and the webmaster STILL keeps the site in tip-top shape! That is a testament to how great of a team member he truly is!)

By the way...as trivia...can you name the sons? How about the actual webmaster – can you give any details on his wrestling career? Again....OUTSTANDING work! Best wishes to the team members this post season!

A tip of the hat goes out to all the wrestling webmasters out there. Although wrestling may not be the most popular high school sport, its websites (in my opinion) blow away other sport websites!

When visiting wrestling websites, remember to check out everyone's link pages. You will run into some incredible work being done out there! These webmasters are a huge shot in the arm for this awesome sport!

Here are some of my favorites (in addition to the West York site I mention above):

<http://highschoolsports.pennlive.com/wrestling/http://www.pennlive.com/forums/>Of course, I gotta start with our beloved Pennlive.
